PROJECT SYNOPSIS

1. Group Id :

S.Y.Btech

Batch – C2

2. Students :

Sumedh A. Kulkarni (223034)

Jugal Patil (223042)

Sakshi Khode (223031)

Shravan Shetty (223052)

3. Project Title :

Android app and Web app to manage Students Data.

4. Project Option :

In-house

5. Internal Guide :

Mrs. Disha Wankhede

Mrs. Gauri Ghule

6. External Guide and Sponsor :

None

7. Technical Keywords :

Android app

Web app

Firebase database

8. Problem Statement :

To manage Students Database and to create Android and Web Platform to access them.

9. Abstract :

In this project we are collecting Students data through web form and android app which is validated and uploaded on the firebase database. Through the Android app and web app teacher can access the any kind of information about a student by searching with Gr. Number or Name of the Student they have access to manipulate the data like editing it creating new one and deleting the data.

10. Goals and Objectives :

Goal of the project is to provide an easy interface or a platform for teacher to manage students information.
